Nordix Environment Wiki

Welcome to the Nordix Environment of OpenInfra Foundation

This is a space for our Nordix Environment member to collaborate and share ideas, activities and information.

If you are interested in open source, working in the Nordic's or software in general this space is for you.

Make sure you look at our projects for areas that might interest you. New project proposal are always welcomed by our Technical Committee. Under meetings and events you can find information on where we are present as well as the Nordix Environment meetings.
