

Technical Committee

Welcome to Nordix Foundation Technical Committee.

"The Technical Committee will form as a team of Nordic based open source and technology leaders, who will be responsible for building the Nordix Foundation community infrastructure and establishing the guidelines and activities for community contribution. As the Nordix Foundation matures, the Technical Committee will: coordinate community activity, review and oversee new projects as they are proposed in the foundation, and maintain guidelines and methodology for contribution and collaboration."

Charter for TC to be found [here](#)

TC Meetings and Minutes can be found [here](#).
