

# Nordix Community Wiki

## Welcome to the Nordix Foundation wiki pages

This is a space for our community to collaborate and share ideas, activities and information.

If you are interested in open source, working in the Nordic's or software in general this space is for you.

Make sure you look at our projects for areas that might interest you. New project proposal are always welcomed by our Technical Committee. Under meetings and events you can find information on where we are present as well as community meetings.
